

SCHOOL OF RELIGION ADVISORY BOARD

The purpose of the School of Religion Advisory Board is “to advise”; to assist the Director of Religion Education in the decision making process. The functions of the board are to provide support for the Director of Religious Education and the catechists; to act as a sounding board for ideas, suggestions, and guidelines, and to represent the families with children in the School of Religion. The School of Religion Advisory Board meets quarterly (July, October, January & April).

The School of Religion encompasses the religious education of our children and youth, sacramental preparation of children and youth, RCIA, RCIC, adult faith formation and youth ministry.

The School of Religion Advisory Board consists of catechists and parents of children/youth in the School of Religion. It is open, however to any parishioner with an interest in the religious education of the children and youth of St. Anna’s Catholic Church.
